

**Boston By Foot** is a non-profit educational organization founded in 1976 to promote public awareness of Boston's rich architectural and historical heritage through guided walking tours, lecture series, and other activities.

Scheduled daily tours offered from May through October include the Freedom Trail, the North End, Beacon Hill and the Back Bay. Boston By Foot also offers custom tours throughout the year for corporate, educational, and private groups, on-site presentations and lectures for schools and organizations, and special events highlighting a particular theme or neighborhood in Boston. Or join us for one of our special Tours of the Month or Holiday Strolls!

Over the past thirty-two years, Boston By Foot's trained and enthusiastic volunteer guides have explored Boston neighborhoods with over 220,000 visitors and residents.
